Non-Qualifying STO

In order to qualify for an Empowerment Scholarship Account an applicant must submit a current IEP, MET, 504 form, School Verification form or have received a qualifying scholarship from a School Tuition Organization (STO). Pursuant to A.R.S. § 15-2401, a student applying under an STO scholarship must have received that scholarship pursuant to A.R.S. § 43-1505 for displaced and disabled students. According to records, the applicant student did not receive a Displaced or Disabled scholarship from an approved STO. We invite you to re-apply once the above qualifications have been met.
